

Dear Wonderful men of God,

Greeting from Cambodia! I'd like to thank you so much for your great love and support for the children and poor families in Cambodia at resettlement area. It's been almost four year in Cambodia that we can see God has been faithful to his people here. It's a privilege that we can serve God by serving Sen Soursdey Medical Clinic from our ministry. Apparently, we have been helping 2007 patients including children and adults in our project since January to August 2012. There were 85 families who have healed their diseases that make us to say thank you so much with

unspeakable words for your faithful contribution enables this to happen and gives these opportunities to poor people in Cambodia.

On July and August, 2012 our Sen Soursdey clinic received and examined all the people who have been living in Sen Sok II village with other people living around this village that have total 8 villages with 595 patients who have discussed and got their treatment includes 660 kind of illness.

Rin Nara is 3 months who got diarrhea and influenza. Her mother said “I always come here when she gets sick”. I am very happy with this project because I can help my daughter to get healing with free charge of medicine and consultant. First, I am very sad when she is sick because sometime my husband, a

garment factory worker, his salary is 60 USD per month which is a little money cannot support all expense in family. We need to pay for food, house rental and then it's not enough for healthcare and medicine. Last time, I pray to the Lord with everyday pleasure that God please help us and continue to provide this project and please blessing to the Donor to continue their work and keep helping use more.”

Pisey is a boy, one year old, gets high temperature 39.50°C and we

used cool skin gel to release his high temperature before doing consultant with doctor.

We provide medical health care and informal education to families with little access to such services. At the same time, we can make Christ known and disciple those who are willing to make a new start in their life, with HIM.

God said, *“If you diligently heed the voice of the LORD your God and do what is right in His sight, give ear to His commandments and keep all His statutes, I will put none of the diseases on you which I have brought on the Egyptians. For I am the LORD who heals you.”*  
**Exodus 15:26**

I really appreciate with joy for both Mike and Beverly and their families for always helping us here in Cambodia all the time that we need their help.

Above all, very special thanks to the Lord Jesus Christ, my Saviour, Healer, Deliverer and my everything.

Ps. Rathana Nop
